

# Jay Gauri Projects (I) Pvt. Ltd.

[www.jaygauri.com](http://www.jaygauri.com)

## About us

We at **Jay Gauri Projects (I) Private Limited** provide knowledge-based managed **Engineering, Technical and Design services for the energy sector**. Since its inception in 1999, our group with Amita Projects has been a pioneer in providing exemplary services in the field of Operation and Maintenance of Cross Country Hydrocarbon Pipelines. Along with we have recently introduced ourselves in the field of Cross Country **Pipe laying** jobs also. During the exposure of more than 2 decades in the Hydrocarbon (OIL & GAS) Industry we have also executed several projects of Combined Station Works including fire line revamping works etc.

### Design & Detailed Engineering:

From concept, design, simulation, engineering and commissioning, we are here to provide customized engineering services.

The company undertakes almost every major job of the refurbishment of coatings for the major cross country pipelines of Indian oil corporation ltd. Over the years our group of companies has executed various prestigious projects with IOCL, HPCL, HMPL, GSPL, BORL, L&T besides successfully executing approx 100 km pipeline laying projects for DKPL & SSPL of IOCL.

Jay Gauri Projects is specialized in Maintenance and Inspection of MS Storage tanks, structural fabrication and erection, piping, maintenance of all electrical, mechanical & instrumentation equipments, corrosion protection and monitoring services. The company owns all the required equipments & machineries with large pool of qualified and trained manpower.

## Vision

Our Vision is to stand firm on our commitments and explore and expertise in further fields of **Cross-Country Pipeline Laying, O&M of City Gas Distribution, O&M of Oil Terminal, O&M of Cross Country Pipelines, fabrications, pipeline construction, industrial construction and other associated services along with providing Maintenance & Inspection of Oil Storage Tanks** and thus give one stop solution to the requirements of hydrocarbon industry all over India.

Jay Gauri Projects has kept spreading its wings since its start and visualize further to be pioneer in its services in the upcoming years. We aim to be `The Best service provider` in integrated energy infrastructure business through sustainable growth, knowledge excellence and exemplary governance practices.

## Our Mission

- ❑ To achieve excellence in our industry as leader, globally respected, financially sound and positioned to generate future value for stakeholders.
- ❑ Committed for Health, Safety & Environment.
- ❑ To build and maintain alliances with those that share our interests and can contribute and participate in our success.
- ❑ To ensure quality works of international standards within the time schedule and cost.
- ❑ Aggressively, continuously and consistently source, train and upgrade talent and technologies to provide innovative engineering solutions
- ❑ Create growth opportunities and maximize shareholder value.

## OUR AREAS OF EXPERTISE

Cross Country **Pipeline Laying**, HDD Refurbishment Jobs Including Cold Tape Coating, PU Coating, Sleeving Works.

*Fabrication, Inspection and Maintenance of **MS Storage Tanks**.*

*Attending IPS Points on Cross Country Pipelines by means of **Sleeve and Clamp repair** method.*

***Operation and Maintenance** of Cross Country Hydrocarbon Pipelines and associated facilities.*

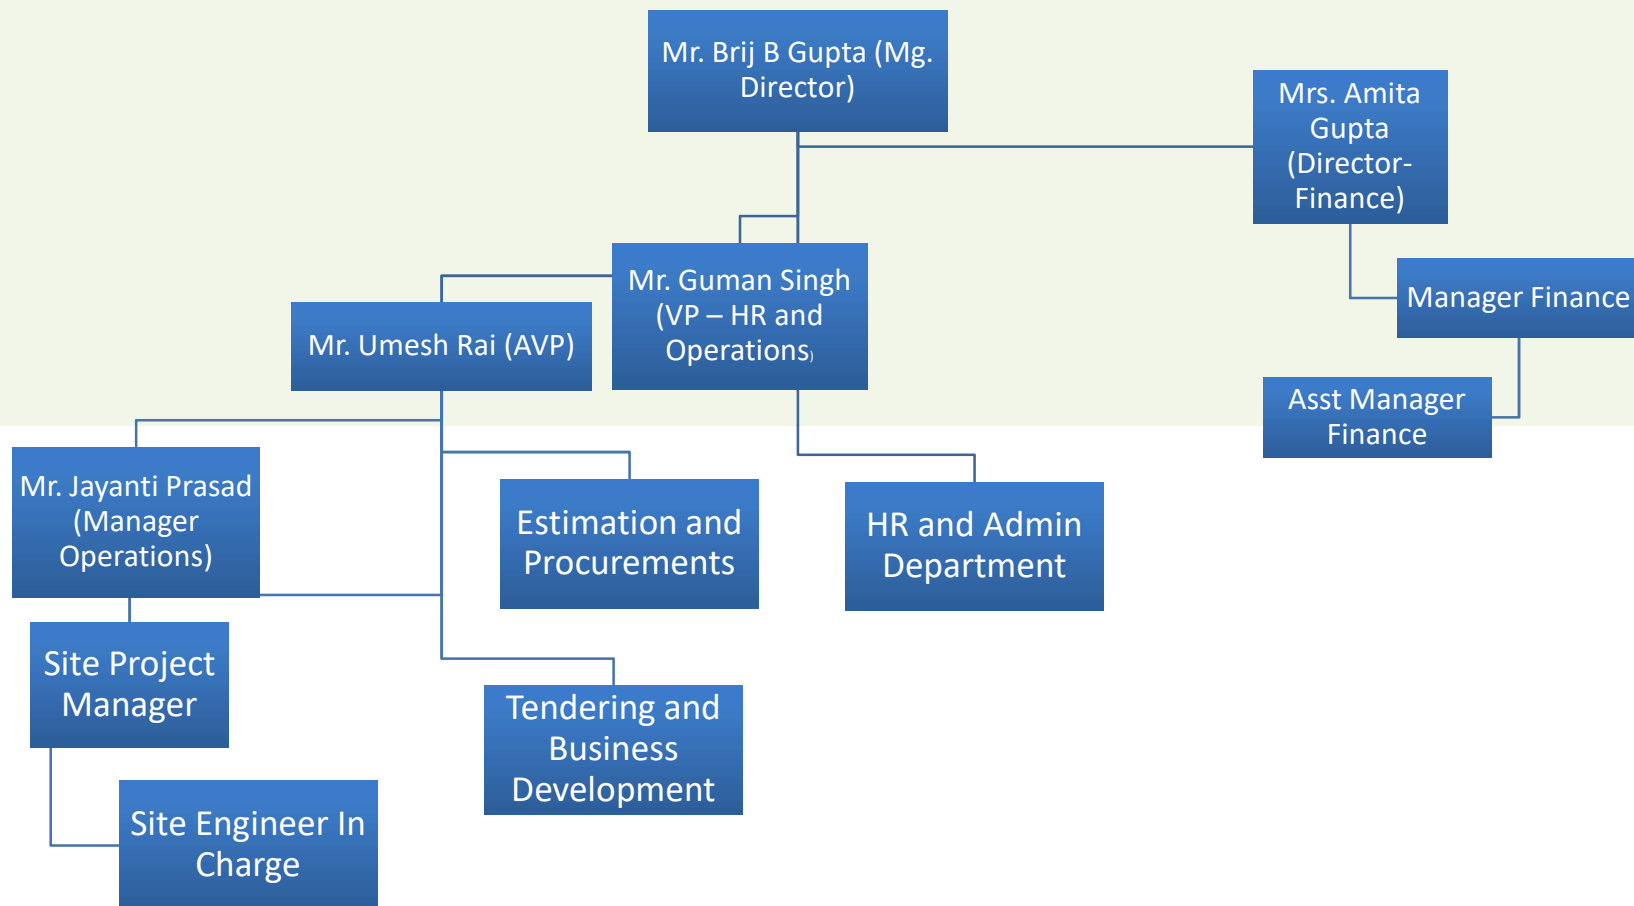

*Attending **Emergency Services** in the maintenance of Cross Country Pipelines like Oil Spillage, Pilferage*

***Combined Station Works and City Gate Stations***

- Fabrication Maintenance works of Stations.
- Annual Maintenance Contracts of Stations

# Team Jay Gauri

## Key Technical experts of Jay Gauri Projects (I) Pvt. Limited

### **Brij B. Gupta- Managing Director**

He is focused for the business development as integrated Oil and Gas Service providing company for pipelines operation, maintenance, construction, City Gas Distribution Work, Cross Country Pipeline laying and ultimately transforming it into major EPC Company.

He holds a Graduate Degree in Chemical Engineering and Post Graduate Degree( M.Tech.) in Chemical Engineering from IIT, Kanpur besides having a vast **experience of more than 32 years** in Hydro Carbon Industry.

### **Director's speech**

Since its inception in 1999 Jay Gauri Projects (I) Pvt. Ltd. has been a pioneer in providing exemplary services for cross country pipelines. Jay Gauri Projects has undertaken and successfully completed various projects of O&M and supervision of cross country pipelines and Pipeline laying Project, over the time we have enhanced our capabilities in hydrocarbon industry to explore and expertise in further fields of Pipeline Laying, O&M of City Gas Distribution, Manpower Supply, fabrications, pipeline construction, industrial construction and other associated services and thus give one stop solution to the requirements of hydrocarbon industry all over India. We ensure complete attention of our directors and full participation of our employees to the committed jobs. The work experiences and devotion of our team is significant. We look forward to achieve higher goals in future and are thrusting forward together with full gist.

## Our Company Perspective

- **Integrated Engineering Company Dedicated to the Oil and Gas Sector's Business**
- **Jay Gauri's Credible footprints:**
  - Laying of Cross Country Pipeline with associated Mechanical, Civil, Electrical, Instrumentation and Liasoning works.
  - Large Oil storage tanks rehabilitation and fabrication.
  - Composite Station Works .
  - Design and Detailed Engineering
  - Industrial Construction of strategic Oil & Gas assets
  - Cross country Pipeline coating refurbishment and mechanical repairs.
  - Replacement of main trunk pipeline, emergency repairs.
  - Integrated Operation, Maintenance and Construction in Oil & Gas Sector.
- **Average Turn Over of approx 25-27 Crore during last 5 Years**
- **We have experienced and Specialized man power , managed by seasoned Oil & Gas professionals.**
- **Delivering quality as per international standards and practices.**
- **Large pool of pipeline equipment and machinery including all HDD Setup.**
- **Total commitment to customer satisfaction, reliability, flexibility and adherence to the best in class HSE practices.**

## Major Works of our Group

- Mainline Mechanical, Civil, Telecommunications, work for Waghwadi Satara to Miraj Sangli. **(16 Inch OD – 48 Km , 12 Inch OD – 8 KM)**
- Mainline Laying Works of Dahej Koyali Pipeline Project **(16 INCH OD – 53 KM).**
- Operation And Maintenance of Cross Country Pipeline **(MBPL- HMEL Pipeline – 1017 KM)**
- Operation And Maintenance of Cross Country Pipeline **(WRPL- IOCL VKPL MPPL Pipeline – 558 KM)**
- Operation And Maintenance of Cross Country Pipeline **(NRPL -IOCL Pipeline –1255 KM)**
- Composite work of city gas station ,IP & Receiving terminals at **(Purnia, IOCL , Arwal IOCL , Sanganeer and Beawer IOCL).**
- Maintenance & Inspection Crude Oil Tank **(IOCL,Viramgam).**
- (Conversion of Single Roof Tank to Floating Roof Tank)**

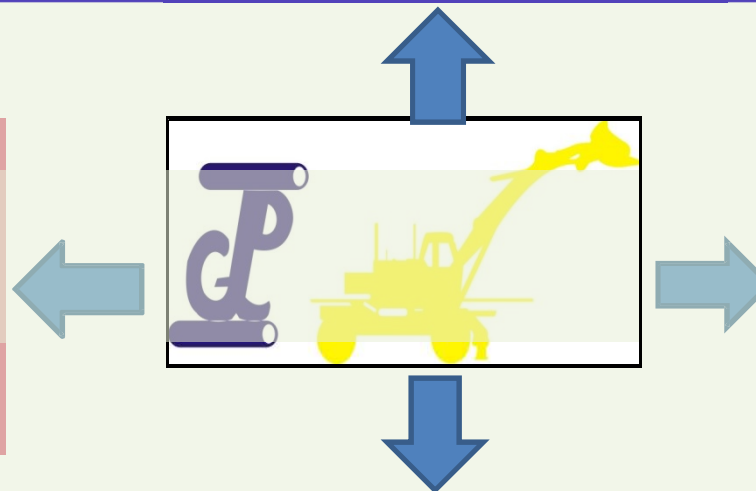

# Competencies in-process

## EPC Project Works-

- Mainline Laying, HDD & Associated Jobs
- Composite Station Works.
- City Gas Distribution Works.

## Maintenance Services of-

- Cross Country hydrocarbon Pipelines
- Large Oil Storage tanks
- Mechanical, Electrical, Instrumentation, Civil of Stations.

## Operations and Maintenance

- Pigging, Hot tapping support
- Liasoning
- Statutory Compliances
- Emergency Handling like Oil Spillage, Pilferage

## Automation / instrumentation

- Automation of Oil & Gas including Installation of Fire fighting systems.
- OFC laying / repairs

# Quality Documentation

## ➤ Standard Quality Practices

1. Material Identification
2. Welding Consumables Control WPS, PQR Reports for Welding
3. Fit-up and Weld Visual Inspection – Pipe & pipe fittings
4. Erection procedure for Rotating and Static Equipments
5. NDT Inspection (Radiography, Di -penetrant Test etc.)
6. As Built Drawing
7. Hydrostatic / Leakage Tests
8. Release Note

# HSE Flow Process

## 1. During mobilization of Manpower and Machinery

- Medical and health check up
- HR and Legal documentation
- General Safety Induction / Training
- Issue of Identification Card
- Approved PPE to all tradesmen

## 2. Daily safety observations

- Gate entry
- Tool Box talk
- Method statement
- Risk analysis statement
- Work permits

## Our Clients

## List of Major Machinery, Tools and Tackles owned by Jay Gauri Projects (I) Pvt. Limited

S.NO	DESCRIPTION	TOTAL QTY
1	Horizontal Direction Drilling Machine (HDD) 62 Ton Make Apollo	1
2	Pipe Bending Machine	1
3	Pneumatic Internal Clamp 16"	1
4	Hydra	4
5	Excavators Poclain	4
6	Excavators(JCB 3D)	9
7	Welding Rectifiers 400Amp	40
8	Diesel Welding Sets 400Amp	6
9	Cold Cutting Machine 18" to 36"	2
10	Air Compressor 400cfm	22
11	Electrical Genset 25 KVA-30KVA	12
12	Gas Cutting Machine	20
13	Blasting Hoppers 500Kg- 2MT	22
14	Tractors	6
15	Graco Hydra Cat Plural Component Coating Machine	4
16	COSMOSTAR PU Coating	8
17	Jack Hammer	12
18	Moter Cycles	20
19	Pic ups Mahindra	17
20	Jeep / Cars	27

## List of Major Machinery, Tools and Tackles owned by Jay Gauri Projects (I) Pvt. Limited

S.NO	DESCRIPTION	TOTAL QTY
20	Jeep / Cars	27
21	Hydra 14MT	3
22	Grinding Machine	30
23	Holiday Dectors	25
24	Pumps	6
25	Moter Driven Steel Brush	6
26	Pneumatic Pumps	12
27	Epoxy Pumps	8
28	Dewatering Pump (Diesel Engine Driven)	10
29	Centrifugal Pump (Motor Driven- Flame Proof)	7
30	Screw Pump	4
31	Lower explosive limit (LEL)	4
32	Cable Detector/ Pipeline Locator	5
33	Surface Profile Gauge	15
34	Pit Gauge	12
35	UST Gauge	10
36	Primer Thickness Gauge	10
37	Digital Coating Thickness Gauge	18
38	Pictorial Standards	6
39	Wet Film Thickness Gauge	8

# Emergency Repair of Burst Pipeline/Pilferage

Installation of ROSOV Valve, Viramgam

Painting of Storage Tanks, Gulbarga

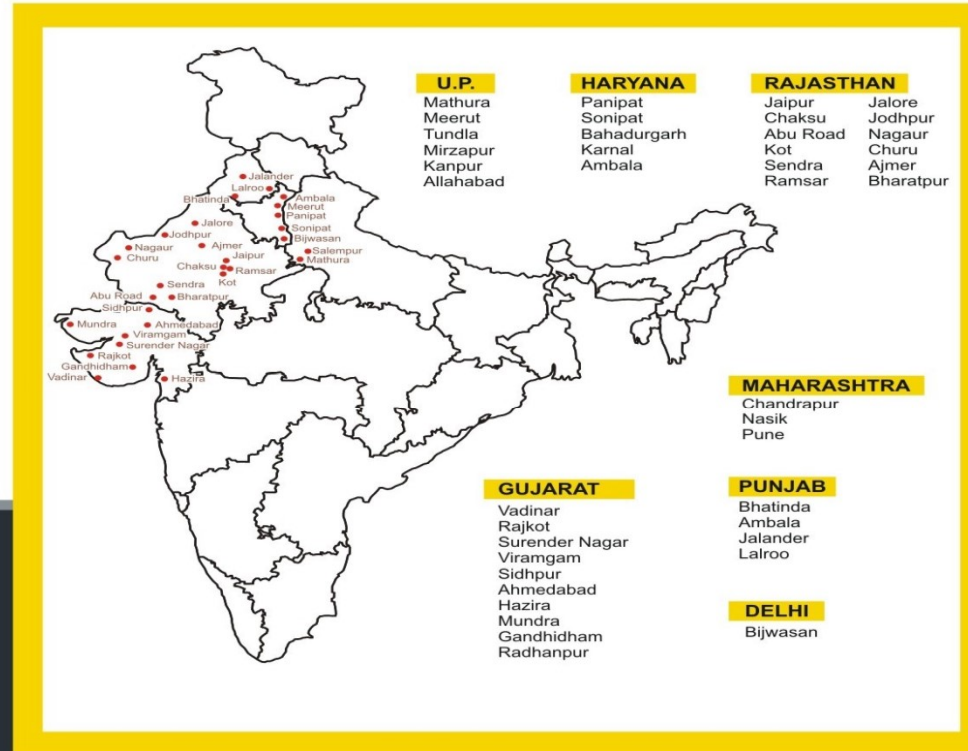

Composite Station Work-Fire Fighting Pipeline and Pump House, Beawer

Fabrication of Storage Tanks, Gulbarga

## Our Presence

Ongoing sites :  
UP | RAJASTHAN | HARYANA | GUJARAT  
PUNJAB | DELHI
